

IN THE DRIVER'S SEAT

I am a senior driver in the transport department. I am 58 years old and have learned a lot about commitment and dedication to work in CMC. Now with the COVID-19 pandemic, our work schedules have changed drastically. The physical distancing protocol allows us to admit only a limited number of people in bus, so each driver has many more trips. Our team transports over 1200 passengers each day from 6am till mid-night. The safety protocols were taught to us by our team leaders, and we follow the cleaning procedures strictly. After each trip, I clean the vehicle along with my team of two. We disinfect the vehicle for the next trip.

Being here for so many years makes me feel like CMC is my family. We are well taken care of, despite our hectic schedule.

I feel happy and satisfied that I am playing a major part in the healing ministry during these difficult times. Our staff have to report on time and it is my responsibility to bring them to work and take them back to their homes each day.

Mr. Raja
