Professor Gagandeep Kang - Cherry to her friends and colleagues - retired on August 16, 2023 after having spent 43 remarkable years at CMC Vellore. A member of the MBBS Batch of 1981, Professor Kang spent her early years travelling and living in various places across India, as her father worked for the Indian Railways.

After completing her distinguished undergraduate medical career in 1986, she completed her MD in Microbiology in 1991. While in training and on the faculty developing and using her laboratory and teaching skills, Professor Kang developed, in parallel, a strong research career. She was awarded a Ph.D in 1997 for her work on *Escherichia coli*. She went on to complete her post-doctoral training in the Health Protection Agency, UK and the Baylor College of Medicine, USA.

Gagandeep Kang's key and comprehensive contributions to rotavirus research have significantly informed our understanding of disease and vaccine performance in children who live in challenging environmental conditions. She conducted the largest single birth cohort study on rotaviral infections in the world demonstrating that protection after natural infection is lower in

Professor Gagandeep Kang Retires

India than in developed countries, which has important implications for control of disease by vaccination. Prior to this seminal paper in rotavirus epidemiology, it was believed that two prior infections with rotavirus provided complete protection against subsequent disease, forming the basis of rotavirus vaccine development. The data showed that, in India, rotavirus infections occur early, reinfection is more common than previously believed, and the rate of protection against severe diarrhoea and diarrhoea of any severity was low, predicting that the rotavirus vaccines would not work as well as here as in industrialised countries. A modelling study using this data estimated 50% vaccine efficacy in poor environmental conditions. This level of efficacy has subsequently been reported in studies from Asia and Africa.

Professor Kang's key studies contributed not just to the development and introduction of two Indian rotavirus vaccines into the national immunisation programme, but also to further assessment of their safety and impact. These vaccines are now World Health Organisation (WHO) pre-qualified and have begun to be introduced in countries beyond India, with her laboratory continuing to support their evaluation and licensure.

Her group's community-based birth cohort studies have addressed infection, growth and development over 20 years, and have resulted in multiple insights into the complexity of the interactions between the environment and infections in children, and the influence of prior infections on subsequent response to vaccination. A series of observational studies and clinical trials seeking to explain the response to oral poliovirus and rotavirus vaccines used microbiota analysis, the exploration of environmental enteric dysfunction and immunophenotyping. The results from these have supported not only the use of the best scientific approaches to field and laboratory studies, but also built a cadre of Indian researchers that are expanding into related areas of research.

Although enteric infections is a historically neglected area of global health, Dr. Kang has built an internationally recognised, globally competitive research programme, which develops its own priorities aligned with Indian needs. Dr. Kang's expertise in setting the research agenda, in conception, proposal development, resource mobilisation, in implementation and data analysis of research initiatives and in translating them into health policy in India, have built a model for research developed and led in a low-resource country, and has implications for the world.

Dr. Kang led the Translational Health Science and Technology Institute (THSTI) from 2016-2020 to establish translational science and augment the Indian medical research ecosystem. The programmes initiated there have been critical to supporting the multiple vaccine development efforts of Indian vaccine manufacturers and have received global recognition with the inclusion of the THSTI laboratory in the network co-ordinated by the Coalition for Epidemic Preparedness Innovations (CEPI).

Dr. Kang's work has resulted in multiple awards and recognitions, including, in 2019, election to the Fellowship of Royal Society, the first Indian woman to be so honoured in 360 years for her work based in India. The Royal Society is a Fellowship of many of the world's most eminent scientists and is the oldest scientific academy in continuous existence. The society has included many leading scientists over the past four centuries including Albert Einstein and Stephen Hawking. A profile of Dr. Kang was published in the Lancet on September 11, 2021. ([https://www.thelancet.com/journals/lancet/article/PIIS0140-6736\(21\)01970-X/fulltext#:~:text=She%20is%20a%20co%2Darchitect,expenses%20over%20the%20coming%20decade](https://www.thelancet.com/journals/lancet/article/PIIS0140-6736(21)01970-X/fulltext#:~:text=She%20is%20a%20co%2Darchitect,expenses%20over%20the%20coming%20decade)).

She has always been frugal with respect to her own needs, while being generous to people in need. Apart from sheer hardwork, her outstanding time management skills along with steadfastness in her convictions have been key contributing factors to her success. All her endeavours as a member of the CMC community have been supported by her husband Professor Mathew Joseph in Neurological Sciences and her sons, Arjun Kang Joseph, lawyer and Tej Kang Joseph, a medical alumnus of CMC. Professor Kang has been an incredible contributor to the mission of CMC and we wish her God's manifold blessings and continued future success.

College of Nursing Alumni Reunion 2023

The **College of Nursing Alumni Reunion** was held on 4th August, 2023 in the Recreation Hall of the Nursing Student's Hostel. The inaugural session began with prayer and devotion by Rev. Rachitha Rout, Senior Chaplain followed by a song by College of Nursing tutors. Dean and President of Alumni Association Dr. Vinitha Ravindran gave a warm welcome unfolding the nostalgic and exciting day. Dr. Mark Ranjan Jesudasan, Associate Director, gave an elaborate report on the developments in the three main campuses for the current year and also the future plan emphasising our beginning and the vision and mission of our institution.

Mrs. Alice Sony, Nursing Superintendent greeted the gathering. The alumni who received special awards were honoured during the inauguration. Dr. Mary Sulakshini Immanuel received the Lifetime Achievement Award from Association of Nurse Executives India (ANEI); Mrs. Helen Rajamanickam and Mr. T.S. Ravikumar received the Lifetime Achievement Award from Tamil Nadu Nurses and Midwives Council (TNNMC) and Captain Brigadier Amrita S.P. in absentia received the Florence Nightingale Award; Mrs. Jeba Roselin received the Lifetime Achievement Award from State Nursing Council, Tamil Nadu. Dr. Vinitha Ravindran congratulated and felicitated the awardees on their achievement. Mrs. Mary Johnson the Vice President of the Alumni Association gave a brief overview of the programme.

Thereafter the business session commenced with homage paid to 13 of our dear alumni who had passed away the last year. Dr. Vinitha Ravindran, Dean and President, elaborated on the complete picture of the activities planned and accomplished in the College of Nursing. The research collaboration and MOUs with other universities from overseas were also mentioned by the Dean. She applauded the efforts of Dr. Vathsala Sadan former Dean and the faculty of CON in successfully getting the NAAC accreditation for College of Nursing. She also enlisted the future plans of the college and requested prayers and support from the alumni as they needed is more.

The Nursing Superintendent, Mrs. Alice Sony presented a report of the Nursing Service and IP and OP services. She mentioned about the digitalisation of all the personal records of staff. She elaborated on CMC's achievement of NABH renewal accreditation during the current year assessment. The secretary and the treasurer presented their reports. There were nominations held against those who have completed their term of service successfully in the alumni office. Specific batches were honoured with mementos. After lunch, the extramural alumni visited the Ranipet campus and then there was a student interaction with the undergraduate students of the College of Nursing. It was indeed a rewarding experience to have our leaders, teachers and stalwarts share their memories and motivate the younger generation. The reunion came to an end with joy, satisfaction and thanksgiving.

National Organ Donation Day Celebrations

August 3rd was celebrated as **National Organ Donation day**. The Medical Superintendent's Office team along with the Departments of Neuro Critical Care, Nephrology and Hepatology participated in the 13th Indian Organ Donation Day and camp on 3rd August, 2023 organised by the National Service Scheme (NSS) in association with Kingston Engineering College at Katpadi, Vellore. The importance of road safety in preventing road traffic accidents and organ donation awareness were highlighted. There was an excellent response with 900-1000 students participating. Dr. U.V. Arivazahagu, Principal, Kingston Engineering College, Vellore, appreciated the CMC team for the eye opening session and for motivating the students towards organ donation.

13th of August, World Organ Donation Day was commemorated by holding an awareness programme at CMC Ranipet Campus. It was organised by the Neurocritical Care and Transplant team, the event saw enthusiastic participation from healthcare workers and general people alike. The poster and slogan competition held to mark the day brought about unique and skillful ideas to generate awareness among the general public. The banner publicising the day was specially designed by Ms. Gomathi, Trauma Nurse co-ordinator, Neuro ICU. A help desk has been set up to help volunteers pledge their organs for donation. This was inaugurated by Dr. Philip Joseph and Dr. C.E. Eapen. The two senior faculties shared their experiences of initiating and taking the organ transplant programme forward in the institution. CMC was one of the earliest institutions to adopt deceased organ transplantation - way back in 1995. The Organ Donation Day programme saw 53 volunteers registering for organ donation. We are grateful for their enthusiastic participation and generosity. They serve as models that many others could emulate in the coming days.

Poster Winners :

- 1st Prize : Mr. Praveen Milxies, Social Worker, Emergency Medicine Department.
- 2nd Prize : Mrs. Dharani, B.Sc Critical Care Therapist, Neurology ICU.
- 3rd Prize : Mrs. Elakiya, Staff Nurse, B Ward.

Slogan - English

- 1st Prize : Mrs. Angelin Gemila, Staff Nurse, Emergency Department.
- 2nd Prize : Mrs. Bagyalakshmi, Social Worker, Emergency Department.
- 3rd Prize : Mrs. Jisha Annamma, Staff Nurse, Trauma ICU.

Slogan - Tamil

- 1st Prize : Mrs. Bhuvaneshwari, Staff Nurse, Maternity Department.
- 2nd Prize : Mrs. Thiruvani, Staff Nurse, Epilepsy Educator, Neurology OPD.
- 3rd Prize : Mrs. Ponchristy, Staff Nurse, S-Extention.

77th Independence Day Celebrations

Town Campus

The Independence Day celebration in the **Hospital Campus** was organised by Mr.K.Sundaram, Chief Security Officer. The flag hoisting began with prayer by Rev. Jim M.R. Paul, chaplain, followed by the flag hoisting by Dr. Thomas Samuel Ram, Associate Director, Missions. Dr. Thomas Samuel Ram gave a talk on the historical sites in Vellore and provided an overview of the Sepoy Mutiny and the history of Vellore Fort.

Ranipet Campus

The worship service was conducted by Rev. Romit Borogaon, followed by a message on True Freedom: Pursuing Love, Justice and Equality by Mr. Ebenezar, Chaplain.

The Chief Guest and the Guest of Honour, Dr. Vikram Mathews, Director, CMC Vellore hoisted the flag and delivered the Independence Day speech on 'Obeying the Authorities (Government); Mrs. Jeyalinda, Associate Nursing Superintendent, Ranipet Campus spoke about "our responsibilities as citizens of the country".

The ceremony was enlivened by a patriotic song sung by General Services staff members followed by a parade organised by the security team. Gifts were distributed to the security guards who have excelled in their responsibilities. Mr. Balasubramanian, Superintendent Engineer / Head of Engineering Services, Ranipet Campus delivered the vote of thanks. The programme was organised by Directorate and General Services of Ranipet Campus.

College Campus

The flag was hoisted by Dr. Raju Titus Chacko, former Head of Medical Oncology. Dr. Chacko spoke about the key events and leaders involved in the struggle for independence. He also explained Independence Day's significance in Indian Society, unifying the nation and highlighting values and principles.

College of Nursing Campus

College of Nursing with a sense of true patriotism. The Chief Guest Dr. Vinitha Ravindran, Dean, College of Nursing hoisted the national flag followed by a cultural programme by the nursing students and tree planting on the Kagithapattarai Campus by staff and students.

RUHSA Campus

The staff including doctors, nurses, training officers, health workers, students and patients participated in this celebration. Dr. Biswajit Paul, Professor and Head, RUHSA Department hoisted the national flag. In his talk he reminded us of the history of freedom fighters, and urged us to be independent in our thoughts, spirit and action through our service to the patients and the community. In our day-to-day lives, working with integrity, having genuine concern for the needy and offering our selfless services is also patriotism.

Dr. Shantidani Minz, Sr. Professor welcomed the gathering. The campus children danced and acted as freedom fighters. Ms. Sonakshi Paul, daughter of Dr. Biswajit Paul led the gathering in remembering our pledge to the nation. Mrs. Jemima Bence, proposed the vote of thanks. The programme ended with a word of prayer and benediction by Rev. Edwin Sam, Chaplain.

Chittoor Campus

The celebration began with a chapel service led by the Chaplain Rev. Giftus Joshua, where Mr. Senthil, Senior Librarian brought the message, followed by the unfurling of the flag by Mr Reni Charles, General Superintendent. In his message, he encouraged the staff to remember that freedom is a precious gift and that it comes with responsibility that each of us must shoulder for the future. Following the flag hoisting, Mr. Charles inaugurated the newly acquired fire fighting vehicle which will be stationed at Chittoor Campus.

College Hill Kindergarten (CHKG) at Bagayam Campus

We celebrated Independence Day, where we took the handprints of children to make a tree to emphasise 'We are Proud to be Indians to children. Then we taught them about the national symbols, freedom fighters, and the history of freedom in India. Every section was separated and were dressed in national flag colours. Handmade national flags and chocolates were given to the children.

CMC - XLRI MOU signing ceremony

Christian Medical College Vellore through the Department of Hospital Management Studies & Staff Training and Development in collaboration with XLRI Delhi NCR Campus administered by Xavier Labour Relations Institute (XLRI), Jamshedpur has signed a Memorandum of Understanding for conducting joint programmes on 23rd August 2023.

The MOU signing ceremony was held at Christian Medical College Vellore where the dignitaries of both institutions signed the MOU namely Dr. Vikram Mathews, Director, CMC Vellore, Dr. Solomon Sathishkumar, Principal, CMC Vellore, Rev. Fr. K.S. Casimir, S.J., Director, XLRI Delhi Campus and Rev. Fr. George Sebastian, S.J., Director XLRI Jamshedpur.

The Memorandum of Understanding facilitates the joint offering of various academic and professional programmes in the domain of healthcare and other related areas to address the needs of the healthcare sector regarding the development of high-quality managerial talent in this sector that has a critical role in society's overall well-being.

Through this collaboration, it is proposed to launch various management courses across the spectrum to effectively address the skill and knowledge requirements of healthcare professionals. The first course in this series will be launched in January 2024.

This collaboration will facilitate the delivery of industry-specific, high-quality academic courses that equip candidates with relevant learning opportunities. For further updates, kindly visit www.cmch-vellore.edu and www.xlridelhi.ac.in

CME on Paediatric Hip Update

The Department of Paediatric Orthopaedics has conducted a 'CME on Paediatric Hip Update' on 14th August 2023. The external faculty for the CME who conducted live demonstration of surgery were Dr. Abhay Gahukamble, Children's Hospital, Sydney, Australia and Dr. Vivek Dutt, Nebraska Children's Hospital, USA. A saw bone workshop was also conducted to explain the nuances of a complex pelvic osteotomy to the delegates.

- **Dr. Hannah Mary Thomas T**, India Alliance Early Career Fellow from the Quantitative Imaging Research and Artificial Intelligence Lab, Radiation Oncology Unit-II, CMC Vellore completed the External Academics Fellowship at the Maastricht University, Netherlands between May and August 2023. She trained under Prof. Andre Dekker, Professor of Clinical Data Science, and his team in Artificial Intelligence technology including federated deep learning and FAIRification of medical data targeted at improving scientific data connectivity.
- **Dr. Benita Mercy**, MBBS batch of 2018, has been awarded the Short Term Studentship (STS) Grant 2023 by the ICMR. She will be guided by Dr. Elizabeth Vinod, Associate Professor, Department of Physiology.
- **Dr. Dev Shankar Moosad**, MBBS batch of 2018, has been awarded the Short Term Studentship (STS) Grant 2023 by the ICMR. He will be guided by Dr. Anand Bhaskar, Professor, Department of Physiology.
- **Dr. Raj Chendur Abhishek**, MBBS batch of 2018, has been awarded the Short Term Studentship (STS) Grant 2023 by the ICMR. He will be guided by Dr. Padmanaban V., Associate Professor of Biochemistry.
- **Mr. Jared Chavakula**, MBBS batch of 2019, has been awarded the Short Term Studentship (STS) Grant 2023 by the ICMR. He will be guided by Dr. Samuel George Hansdak, Professor and Head, Department of Medicine.
- **Ms. Ankita Elizabeth Abraham**, MBBS batch of 2020, has been awarded the Short Term Studentship (STS) Grant 2023 by the ICMR. She will be guided by Dr. Molly Jacob, Professor, Department of Biochemistry.
- **Ms. Haeleny S. Koshy**, MBBS batch of 2020, has been awarded the Short Term Studentship (STS) Grant 2023 by the ICMR. She will be guided by Dr. Latif Johnson, Associate Professor, Department of Forensic Medicine.
- **Mr. Justin Rajamani**, MBBS batch of 2020, has been awarded the Short Term Studentship (STS) Grant 2023 by the ICMR. He will be guided by Dr. Joe Varghese, Professor and Head, Department of Biochemistry.

Retirement

Mr. Muhammed Ghouse Khan I, Senior Selection Grade Graduate Technician, Department of ENT retired on 8th August, 2023 after 32 years of dedicated service to the Institution. After completing his B.Sc. in 1991, he joined CMC in the Department of ENT. He was especially skilled in making ear moulds for hearing aids and performing the Electronystagmogram, a vestibular assessment test which requires a lot of patience in order to obtain the co-operation of the patient. He was also very efficient in managing the appointments desk of the audiovestibular lab. He was caring towards the patients especially children and the elderly and often went out of his way to help.

His wife, Mrs. Rubeena Shaheen, is a home maker and his son, Mr. Muhammed Wasim Khan is a Sales Executive in DHL Logistics company, Bangalore.

The CMC community is gratefully acknowledge the committed service by Mr. Muhammed Ghouse Khan wishes him God's blessings in his retired life.

Obituaries

• **Mrs. Annie Zachariah**, mother of Dr. Geeta Chacko, Sr. Professor, Department of General Pathology, passed away on 24th August, 2023.

Let us uphold her daughter Dr. Geeta Chacko and son-in-law Dr. Ari Chacko, retired Sr. Professor, Department of Neurological Sciences and all the bereaved members of the family in our prayers.

• **Dr. Annie Sudarsanam**, former Professor and Head of Clinical Pathology & Blood Bank, mother of Dr. Thambu David, Professor and Unit Head, Department of Medicine-II, passed away on 26th August, 2023.

Let us uphold her son Dr. Thambu David, daughter-in-law Dr. Rani Diana Sahni, Professor, Department of Clinical Microbiology, granddaughters, Ms. Sneha Joanna David (MBBS student, Batch of 2020), Ms. Suchi and all the bereaved members of the family in our prayers.

Obituaries

Continued from Page 10

• **Mrs. Elizabeth Arthur**, retired Pharmacist, CHAD, mother of Dr. Rajiv C. Michael, Professor, Department of Head & Neck Surgery-I, passed away on 27th August, 2023.

Let us uphold her son Dr. Rajiv C. Michael and daughter-in-law Dr. Joy Sarojini Michael, Vice Principal (AHS) and Professor, Department of Clinical Microbiology and all the bereaved members of the family in our prayers.

Notices

- The **Department of Community Health** is conducting a short course on, '**Principles and Practice of Epidemiology**' from 3rd to 14th October 2023. For more details, please visit www.cmch-vellore.edu/Events (or) Apply online : <https://redcap.link/erc2023>

• **American Heart Association – International Training Centre (CMC Vellore)**

American Heart Association – Basic Life Support Course (AHA-BLS) Provider level course

American Heart Association -Basic Life Support (AHA- BLS) provider level course will be held on the **3rd October 2023 at the Jacob Chandy Hall, Paul Brand Building , CMC Vellore**. This one day course is designed for healthcare providers (doctors, nurses, paramedics) and the curriculum consists of video-based, interactive lectures and skills training in cardiopulmonary resuscitation (CPR), use of Automated External Defibrillator and relieve choking in a safe, timely and effective manner to **all ages –Adult, Pediatric and Infants**. The number of participants is strictly restricted to 18 per course as per AHA guidelines. **The registration fee is Rs.3,500/-** (cost of study materials included) and the last date for registration is **23rd September 2023**. For registrations, **Please contact Ms. Nitha Cathuan or Mr. Ganesh, Paediatric ICU (Phone No.0416-228-3366)**.

American Heart Association –Pediatric Advanced Life Support (AHA PALS) Course

The **AHA-PALS** course will be held on the **4th & 5th October 2023 at the Jacob Chandy Hall, Paul Brand Building, CMC Vellore**. This well known Paediatric Advanced Life Support Course, accredited by the American Heart Association and American Academy of Paediatrics, is valid internationally. The number of participants is strictly restricted to 18 as per AHA guidelines. **The registration fee is Rs.7,500/-** (cost of study materials included). The last date for registration is **23rd September 2023**. This two day course is designed for healthcare providers (doctors, nurses, paramedics) who initiate advanced life care in acutely ill children, beyond basic life support, through the stabilisation or transport phases of a paediatric emergency. The course consists of lectures, videos, discussions and hands - on sessions based on simulated case scenarios and aims to train the participants in early recognition and emergency management of critically ill children with an emphasis on team concept. **For registration, please contact Ms. Nitha Cathuan or Mr. Ganesh, Paediatric ICU (Phone No.0416-228-3366)**.

Situations Vacant

1. Senior Resident with MD (Dermatology) for the CMC Vellore, Chittoor Campus

Salary : As per institutional rules. Accommodation provided (Partly Furnished, Depending on availability).

2. Senior Resident /Assistant Professor with MD (Biochemistry) for the Department of Biochemistry

Experience : No experience required for SR position. One year teaching experience as Assistant Professor in any NMC-recognized teaching institution is required for applying for the Assistant Professor position.

Salary Scale : As per institutional rules. Accommodation Provided (Partly Furnished, Depending on availability).

Applications are to be done only through the online application system.

Please log on to <https://www.cmch-vellore.edu/JobVacancy.aspx?jtype=ALL> Link : "Vacancies".

Hard Copies and emails will not be accepted.

Applications will close by **September 09, 2023** for Item 1 and **September 15, 2023** for Item 2.

3. Senior Research Officer (Medical) for the Department of Gastroenterology

Job Code : 1490

Qualification : MBBS / BDS. Mode of Appointment : Project Mode. Accommodation not Provided.

Preference : Should be a Doctor familiar with field areas viz. Kaniyambadi and Vellore. Able to work in the early morning or late evening (occasionally) should have a valid two wheeler license.

Salary : Rs.38,150/- (Consolidated inclusive of all deductions).
