Raising awareness for early detection, prevention and prompt treatment, which is the key factor to fighting gynaecological cancers. Being aware of the signs and symptoms and going for regular checkups is highly essential.

In recognition of **Gynaecological Cancer Awareness Month**, the **Department of Radiation Oncology Unit-I** organised an awareness programme at the Vellore Town campus on 16<sup>th</sup> September, 2023. The programme was graced by the presence of the guests of honor, Dr. Subhashini John, the former head of Radiation Oncology, and Dr. Rachel Chandy, Professor of Gynecological Oncology.

The event at the Chittoor Campus was conducted on 23<sup>rd</sup> September, 2023 with Dr. Raju Titus Chacko, Professor and former Head of Medical Oncology, as the Chief Guest.

The programme included various activities, including song and dance performances by the nursing students; stalls were put up with information on early detection, prevention, and management of gynaecological cancers and poster and slogan writing competitions were organised.

If you are keen to support and make a difference in the life of a gynaecological cancer patient give the gift of life to CANHELP at <https://givecmc.org/gynecologic-cancer-awareness-month/>

## International Snakebite Awareness Day 2023

*International Snakebite Awareness Day - commemorative programme*

The 6<sup>th</sup> International Snakebite Awareness Day was observed by the CMC Poison Control Centre on 19<sup>th</sup> September, 2023. The day marked the culmination of year-long activities that were organised to increase awareness about snakebite prevention and appropriate first aid amongst communities in and around Vellore.

Over the past year, visits to villages and schools have reached close to 20,000 people with 2070 being trained in snakebite prevention and first aid.

The Annual Snakebite Survivors' Meet was held as a virtual session, for patients who had been admitted to CMC with snakebite over the past year. The meet is a forum for participants to share their personal

experiences of dealing with the consequences of a snakebite with others who may have been similarly affected. It also provides an opportunity to reinforce snakebite prevention and appropriate first aid and importantly empower snakebite victims to be peer educators in their own communities.

A new addition to the activities this year was a video making competition for school students and undergraduate and postgraduate students of Medicine, Nursing, and the Allied Health Sciences and hospital staff, on the topic 'Snakebite prevention and first aid'. In the category for school students, the first prize was awarded to Sam Kuriakose, the second prize to Kishore and Sneha Kuriakose and the third prize to Vijay and Fathima. In the open category, the first prize was awarded to Ms. Benita and team, the second prize to Ms. Jasme and the third prize jointly to Ms. Diana and team and Ms. Petricia.

“STING – 2023”, the postgraduate quiz on toxinology and snakebite mitigation was conducted to sensitize medical postgraduates to the field of toxinology. Seventeen teams from various medical colleges participated. The chief guest was Mr. Mugilan (wildlife conservationist). The first prize was awarded to Dr. Ajeethkumar M. and Dr. Sitttheswaren M. (Govt. Chengalpattu Medical College), the second prize to Dr. Aadil Abdul Kareem and Dr. Srikanth E.R. (CMC Vellore) and the third prize to Dr. Namrata Mathew and Dr. John Roy Palathinkal (CMC Vellore).

## International Snakebite Awareness Day 2023

Continued from Page 2

The International Snakebite Awareness Day was commemorated by a programme which was graced by Dr. Joy Mammen, Associate Director, Dr. Rajesh I., Medical Superintendent, Dr. Anila Chacko, Academic Officer, Mrs. Alice Sony, Nursing Superintendent, Dr. Vinitha Ravindran, Dean, College of Nursing, Mrs. Sophia Vijayanathan, Head Medical Nursing and Ms. Saramma Kuruvilla, Chaplain. The guests addressed the gathering, highlighting the need for various strategies to address the problem of snakebite envenoming – increasing community awareness, research to guide management strategies and improve the existing antivenom and measures to reduce the cost of snakebite treatment and make it more accessible.

The programme also saw the launch of the Poison Control Centre's new website ([www.poisoncontrol-cmcvellore.org](http://www.poisoncontrol-cmcvellore.org)) that provides information on its activities and services. A series of stalls were organised to educate the public on snakebite prevention and appropriate first aid. Hands-on demonstration of limb immobilisation, interactive games, and the screening of videos in the regional languages were the methods used to create awareness.

It is hoped that these activities would play a role in creating awareness regarding snakes and snakebite prevention and appropriate first aid among the public and the medical community and be a step towards mitigating snakebite related deaths and disability in the country.

*International Snakebite Awareness Day – a stall demonstrating limb immobilization and another with displays of snakebite prevention and first aid.*

*“STING 2023” – the final round of the quiz in progress and all the participants.*

*Visits to villages to create awareness of snakebite and appropriate first aid.*

*The Annual Snakebite Survivors' Meet*

## **E2 Research Methodology Workshop on Protocol Development**

The Clinical Epidemiology Unit, CEU organised the **E2 research methodology - protocol development workshop** for the second batch of second year MD/MS post-graduates at the New Examination Hall between 2<sup>nd</sup> and 4<sup>th</sup> October 2023 on behalf of the Principal's office. The workshop was attended by 103 post graduate registrars from all specialties and MPT/ MOT students. The workshop started with a word of prayer by Chaplain Ms. Samma Kuruvilla, welcome address by Dr. Vinod Joseph Abraham, Vice Principal – UG, CMC and an inspiring talk on 'Why do research?' by Dr. Sathya Subramani, Professor and Head, Department of Physiology. The topics covered were research questions, study designs, research ethics, sample size calculation, data analysis, CRF creation and practical sessions on literature search, data dictionary, Zotero software, Epidata software and protocol development. The registrars had a group discussion session discussing their research topics and study designs with the faculty. The faculty consisted of Dr.J.P. Muliylil, Dr.Prathap Tharyan, Dr.Mohan Kamath, Dr.Valsan Philip Verghese, Dr.Sathish Kumar, Dr. Anika Amritanand, Dr.Prasanna Samuel, Dr.Joe Varghese, Dr. S.S.Prakash, Dr.Azariah Jebakumar, Dr.Vignesh Kumar, Dr.Gowri Mahasampath, Dr.Bijesh Yadav, Mr.Rajagopal, Mr.Madhan Kumar and Dr.Thambu David. The workshop was coordinated by Dr.Thambu David, Director, Cochrane India, CMC Vellore affiliate and Head of Clinical Epidemiology Unit. The workshop was well received by the participants.

## **Digital Security Council of India (DSCI) and the Centre for Advanced Computing (C-DAC)**

The Biomedical Informatics Unit (BMIU) at Christian Medical College Vellore organised a two-day workshop on October 3<sup>rd</sup> and 4<sup>th</sup>, in collaboration with the Digital Security Council of India (DSCI) and the Centre for Advanced Computing (C-DAC), Pune. This workshop was dedicated to discussing Electronic Health Records (EHR) standards and issues related to data security and privacy within the healthcare sector.

During the first day of the workshop, participants delved into the paramount significance of data security and privacy, encompassing an examination of India's data regulations and the adoption of global best practices. Experts from DSCI shared practical case studies and best practices, offering valuable insights into the successful implementation of security measures. The day also featured engaging discussions and interactive sessions with Mr. Rajesh Vellakat, a partner and senior advocate from Fox Mandal and Associates, who specialises in data privacy and health law. This session allowed participants to address challenges and share practical experiences.

On the second day, the C-DAC team provided participants with a comprehensive understanding of the importance of Electronic Health Record standards in the healthcare landscape and how these standards significantly impact patient care, cost-efficiency, and data-driven healthcare practices. The workshop underscored the vital role of standardised terminology and coding, such as SNOMED CT and LOINC, in ensuring seamless data exchange across diverse healthcare systems. Interactive sessions enabled participants to explore the provisions for implementing SNOMED CT and LOINC in their respective contexts.

## Digital Security Council of India (DSCI) and the Centre for Advanced Computing (C-DAC)

The workshop garnered the participation of over 100 attendees and was inaugurated by Dr. Solomon Sathishkumar, Principal who emphasised how the knowledge and insights gained during the workshop would continue to drive improvements in healthcare services and the protection of patient data in India. He also highlighted the imperative for CMC to remain at the forefront of implementing these standards. The event received a blessing from Rev. Pearson, and Dr. Joy Mammen, Associate Director (Medical) and Head of BMIU, extended a warm welcome to the guests. Dr. Jacob John, Professor of Community Medicine and a member of BMIU, conveyed the vote of thanks at the conclusion of the workshop.

## 2<sup>nd</sup> Basic Course in Medical Education (BCME)

The National Medical Commission's **2<sup>nd</sup> Basic Course in Medical Education (BCME)** was conducted for the Deans, Curriculum committee members and MEU Resource Persons of the affiliated Medical Colleges from 19<sup>th</sup> to 21<sup>st</sup> September 2023 in the Nodal Centre, Medical Education Department (MED), CMC, Vellore. We had 30 participants (4 Deans, 5 Professors, 11 Associate Professors and 10 Assistant Professors) benefiting from this course.

The objectives of this programme were to sensitise the participants to understand the principles of learning, frame specific learning objectives for a competency, enumerate various interactive learning methods in a large group or a small group, choose the right assessment method for the competency, give timely feedback to the students and to apply innovative methods in the teaching & assessment of AETCOM (Attitude Ethics and Communication) modules.

Dr. Margret Shanthi F. X. started the day with a word of prayer. Dr. Solomon Sathishkumar, Principal, welcomed the members present. Resource persons from various departments in CMC, Vellore facilitated the most active sessions and Dr. Margaret Shanthi F. X., proposed the vote of thanks on the third day.

The Medical Education Department gratefully thanks Dr. Margaret Shanthi F. X., Dr. Sudha Jasmine, Dr. Reena George, Dr. Surekha V., Dr. Vinod Abraham, Dr. Sathishkumar T., Dr. Vinay Oommen, Dr. Rajat Raghunath, Dr. Prakash S. S., and Dr. Latif Rajesh for all their contributions towards the successful conduct of the Basic Course in Medical Education (BCME).

October 08 - 14, 2023
