

INTERNATIONAL HEMATOLOGY NURSING CONFERENCE 2022

**Theme - Hematopoietic Stem Cell Transplantation:
Exploring Global Nursing Perspectives in Striving Towards
Excellence**

**In commemoration of Platinum Jubilee Celebration of
B.Sc. Nursing Programme**

Date:
6th & 7th September, 2022

Venue:
**Scudder Auditorium,
Christian Medical College,
Bagayam
Vellore-632002, Tamil Nadu.**

Organized by
**Department of Hemato-Oncology Nursing,
College of Nursing,
Christian Medical College, Vellore.**

Dear Sir/ Madam,

It is our pleasure to invite you to the International Hematology Nursing Conference hosted by College of Nursing, Christian Medical College (CMC), Vellore, Tamil Nadu on 6th & 7th September, 2022.

CMC's uniqueness lies in its ability to serve the people in India as a multidisciplinary tertiary care health center with 3000 beds as well as deliver cost effective primary care to the communities locally. The first allogeneic HSCT in CMC, Vellore was performed in the year 1986. The service was initiated by the tireless efforts of Padma Shri Dr. Mammen Chandy and his team. From the year 1986 to 2021, the Department of Hematology has performed 2,782 Allogeneic (Related – 2,133, MUD-289, Haplo-360) and 991 Autologous Hematopoietic Stem Cell Transplantation. The College of Nursing, as an integral part of CMC plays a vital role in providing high quality of education and training to prepare nurses with sound knowledge and clinical competence, who can effectively function in various health care settings adhering to ethical principles.

Explosion of knowledge as evidence, technological advances, and emphasis on quality patient outcomes necessitate the need to keep abreast of the rapid changes in the delivery of health care. HSCT has evolved into a definite and successful treatment strategy for patients with several Hematological disorders. Over the last 2 decades, HSCT has seen rapid expansion as a treatment modality and constant evolution in its technology. However, the post-transplantation period poses a challenge due to profound immunodeficiency. Nurses play a pivotal role within the multidisciplinary team caring for patients and their families undergoing this intense treatment. Standard operating procedures and nursing care protocols have been formulated and implemented to ensure safe and quality patient care. This conference will be an arena for nurses to learn the global nursing perspectives on HSCT and keep their knowledge abreast to provide the highest standard of care.

In this conference we intend to encourage every participant to deliberate on improving quality of care for patients undergoing HSCT with the following objectives:

- Acquire in-depth knowledge regarding HSCT
- Recognize the evolving trends and challenges in HSCT
- Explore the global nursing care perspectives pertaining to HSCT
- Gain insight in the innovative evidence based practices in the transplant unit
- Provide high quality nursing care for patients undergoing HSCT

CALL FOR ABSTRACTS

The scientific committee invites research abstracts related to the conference theme and subthemes for oral or poster presentation (Visit www.ihsctconcmc.org)

Theme: Hematopoietic Stem Cell Transplantation: Exploring global Nursing perspectives in striving towards excellence

Sub themes:

- Infection control practices
- Quality audits in transplant unit
- GvHD management
- Mucositis/ oral care
- Quality of life in HSCT survivors
- Psychosocial issues among HSCT patients
- Oncology Nurses burn out/job satisfaction
- Palliative care concepts
- Radiation therapy
- Caregiver burden
- COVID-19 related challenges in HSCT

DATES AND DEADLINES

Call for abstract opens on **15th June, 2022**

Call for abstract closes on **20th August, 2022**

Presenter notified of acceptance via email by **25th August, 2022**

Presenter registration deadline by **1st September, 2022**

GUIDELINES FOR ABSTRACT SUBMISSION

A. Abstracts are expected to be limited to 300 words (exclusive of the title and the author's name)

B. Abstracts must be in English

C. The abstract must include: Introduction, Methods, Results and Conclusion

D. The submitted abstracts will be scrutinized for its content, relevancy and methodological soundness

E. Committee will decide whether the abstract is suitable for oral/poster presentation/ rejection.

F. The decision of the screening committee is final

G. The abstract must be submitted online in the conference site. www.ihsctconcmc.org

NOTE: The final decision of the nature of the presentation will be communicated to the presenter by August 25th, 2022

GUIDELINES FOR POSTER

A. All posters should be prepared in English

B. Include abstract number in the title (will be given by the organizers)

C. Layout: Portrait

D. Size of poster: 100 cm x100 cm

E. It must be self explanatory

F. Do not reveal the identity of the institution in the poster

Programme Schedule

Day 1 - 06.09.2022 Tuesday

07.30-08.30am

Registration
