

STATE LEVEL WORKSHOP ON “UPDATES IN TUBERCULOSIS”

DEPARTMENTS OF MEDICAL- SURGICAL NURSING SPECIALTY I AND CNE & RESEARCH, COLLEGE OF NURSING, CMC, VELLORE

Tuberculosis still continues to be a killer disease in our developing nation. Nurses both in the hospital and community need to become aware of the newer strategies, resources that are necessary to invest in ending TB and save lives.

OBJECTIVES

Nurses will be able to

- Understand the magnitude of TB and its burden
- Update on the newer strategies in pharmacology and diagnostics of TB
- Understand the management of TB in different population
- Learn and apply the comprehensive nursing care of patients with tuberculosis in different settings
- Develop specific skills in caring for TB patients
