Dr. ANKIT JAIN, Dr. CHILAKA RAJESH, Dr. DHIVAKAR B

The 7th Annual Renal Symposium on “Renal Transplant Infections” aims to provide the latest information on the diagnosis, treatment and recent advances in the field of post renal transplant infection -one of the most commonly encountered entities in the day to day life of the Nephrologist.

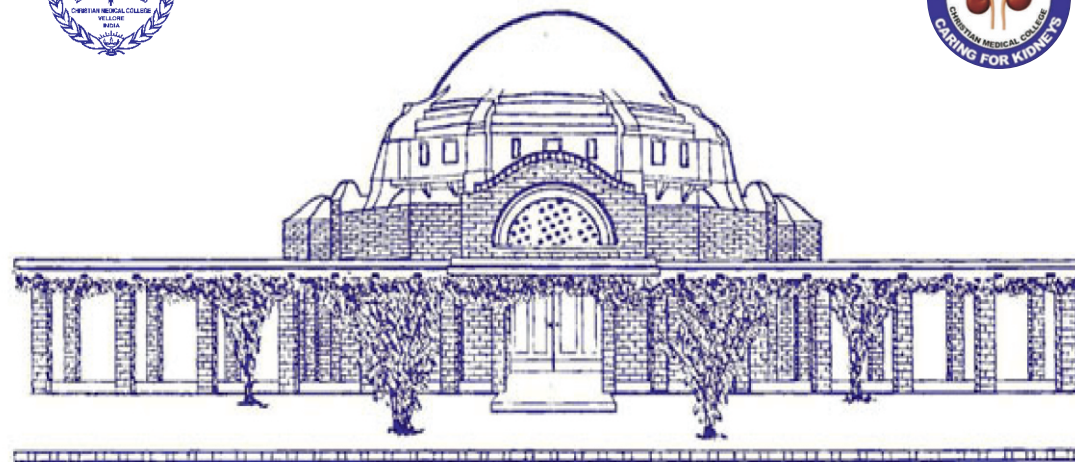

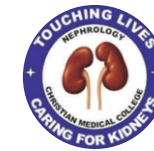

16th Renal Clinical Conference is the flagship program of CMC Nephrology that was started in 2006 on the occasion of Prof. Chakko Korula Jacob's superannuation, involves long & short cases work up and presentations by the trainees to the faculty. There will be a short session on interesting radiology findings in Renal Transplantation.

A Quiz on Renal Transplant Infections will be conducted on 19th January 2024. A preliminary round will be conducted during the lunch break on 19th January to select the final teams for the Quiz. There will be 3 oral presentations on topics related to Renal Transplant Infections on 19th of January 2024.
