

- NOTES:**
1. All wards to have 1:1 bed to fan ratio and IV rods and hooks to be provided between all beds. Each bed should have 5 electrical points.
  2. All ramp edges to be finished/levelled to avoid tripping and fall risk.
  3. Anti-skid flooring and grab rails to be provided in all wet areas & toilets.
  4. All drainage/leakage issues in toilets and other wet areas to be resolved.
  5. All ventilator mesh to be replaced
